

BULLETIN

NO.: 23-037

DATE: March 6, 2023

TO: All Personnel

FROM: David Gerboth, Assistant Fire Chief, Emergency Operations

SUBJECT: Emergency Operations Strategic Plan

Since assuming the role of Assistant Fire Chief of Emergency Operations, all divisions of emergency operations have been working together to create a plan to detail desired goals and the associated immediate, short-term, and long-term objectives necessary to achieve them. It is essential not only to have a plan but to ensure that the plan is communicated to the workforce and opportunities provided for input and collaboration.

I am excited to share the Emergency Operation Strategic Plan. To further explain the plan and provide details of the goals, objectives, and tactics, four short videos have been created and posted as an assignment to Vector Solutions.

Please see the link below to view the Emergency Operations Strategic Plan, and please take the time to watch the associated videos for additional detail and depth. I look forward to your feedback and working together to move our organization forward.
