XVII. TRANSPORTATION INCENTIVES

A. Concourse Parking

The Daily Parking Permit is available free through the TAP office and is intended to provide commute flexibility to program participants. It provides 52 days a year of parking at the Concourse Parkade or World Trade Center at a reduced rate of \$7.50 a day, instead of the public rate of \$15.00, on a space available basis. For details call (619) 533-3132.

B. Monthly Rate

The City will provide 75% reimbursement to those employees who wish to purchase monthly passes for public bus, coaster and/or trolley transportation. Employees participating in a van pool will be subsidized at a rate of 75% up to \$100.00.

C. Free Parking

The City will provide reimbursement to employees who utilize the Concourse Parkade and carry riders. The rate of reimbursement will be calculated so that an employee who carries three riders will receive free parking.
