

BULLETIN

NO: 20-057
DATE: April 23, 2020
TO: All Personnel
FROM: Chris Webber, Assistant Fire Chief, Emergency Operations
SUBJECT: Additional Safety Equipment – Long Staffed Personnel

Effective April 23, 2020 the Department will be distributing extra safety equipment to 10 fire stations with the intent of providing for the safety of long staffed (LS) personnel. These stations will be provided one extra SCBA harness, PES, XTS 5000 radio and accountability tag. Double houses will receive both Engine and Truck accountability tags

The additional equipment will be provided to stations 1, 28, 10, 11, 29, 35, 17, 26, 18, and 24. Fire station 40 cannot currently house LS personnel overnight, but may receive this equipment when this is corrected.

The additional inventory will be entered and tracked into PStrax for the specific assigned apparatus (T-1, 28, 10, 11, 29, 35, E-17, 26, 18, and 24). The SCBA harness can be stored in the engineer's compartment on both the engine and truck.
